**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Competition is essential. Adam Smith said monopolies are the scourge of markets. Small internet service providers give AT&T, Comcast and others a run for their money. Of course they don't want to share the infrastructure that give them their monopolies and duopolies. Startups like Sonic in the Bay Area have for years offered us better service at lower prices. They continue to roll out 1 Gbit/s fiber to more and more homes. Don't let the big corporations squash them.
